

An aerial photograph of a large industrial facility, likely a warehouse or distribution center. The facility has a long, low profile with a flat roof. In front of the building is a large paved area with white parking lines. Several semi-trucks are parked in the lot. A yellow truck simulator is visible in the foreground, showing a top-down view of the truck and its surroundings. The sky is clear and blue.

Foreign Trade Zone (FTZ) services

Maximize flexibility. Optimize cash flow. Streamline compliance.

Foreign Trade Zone (FTZ) services

Komar Distribution Services offers fully-activated Foreign Trade Zone (FTZ) capabilities across bicoastal and central U.S. locations, providing strategic control and cost-saving advantages.

Unlike bonded imports, where duties are due immediately upon entry, FTZ allows goods to arrive without officially entering U.S. commerce. Duties and taxes are deferred until a transaction is created, giving your business flexibility in cash flow and inventory management while maintaining full compliance.

Industry-leading FTZ solutions

- **2.2M sq. ft.** of activated FTZ space across key locations
- **Fast-tracked onboarding** in just 30–60 days
- **Reduced Merchandise Processing Fees (MPF)**, from up to \$651.50 per entry to a single weekly filing
- **Extensive experience**, leveraging Komar’s century-long experience running FTZ operations for its own brands

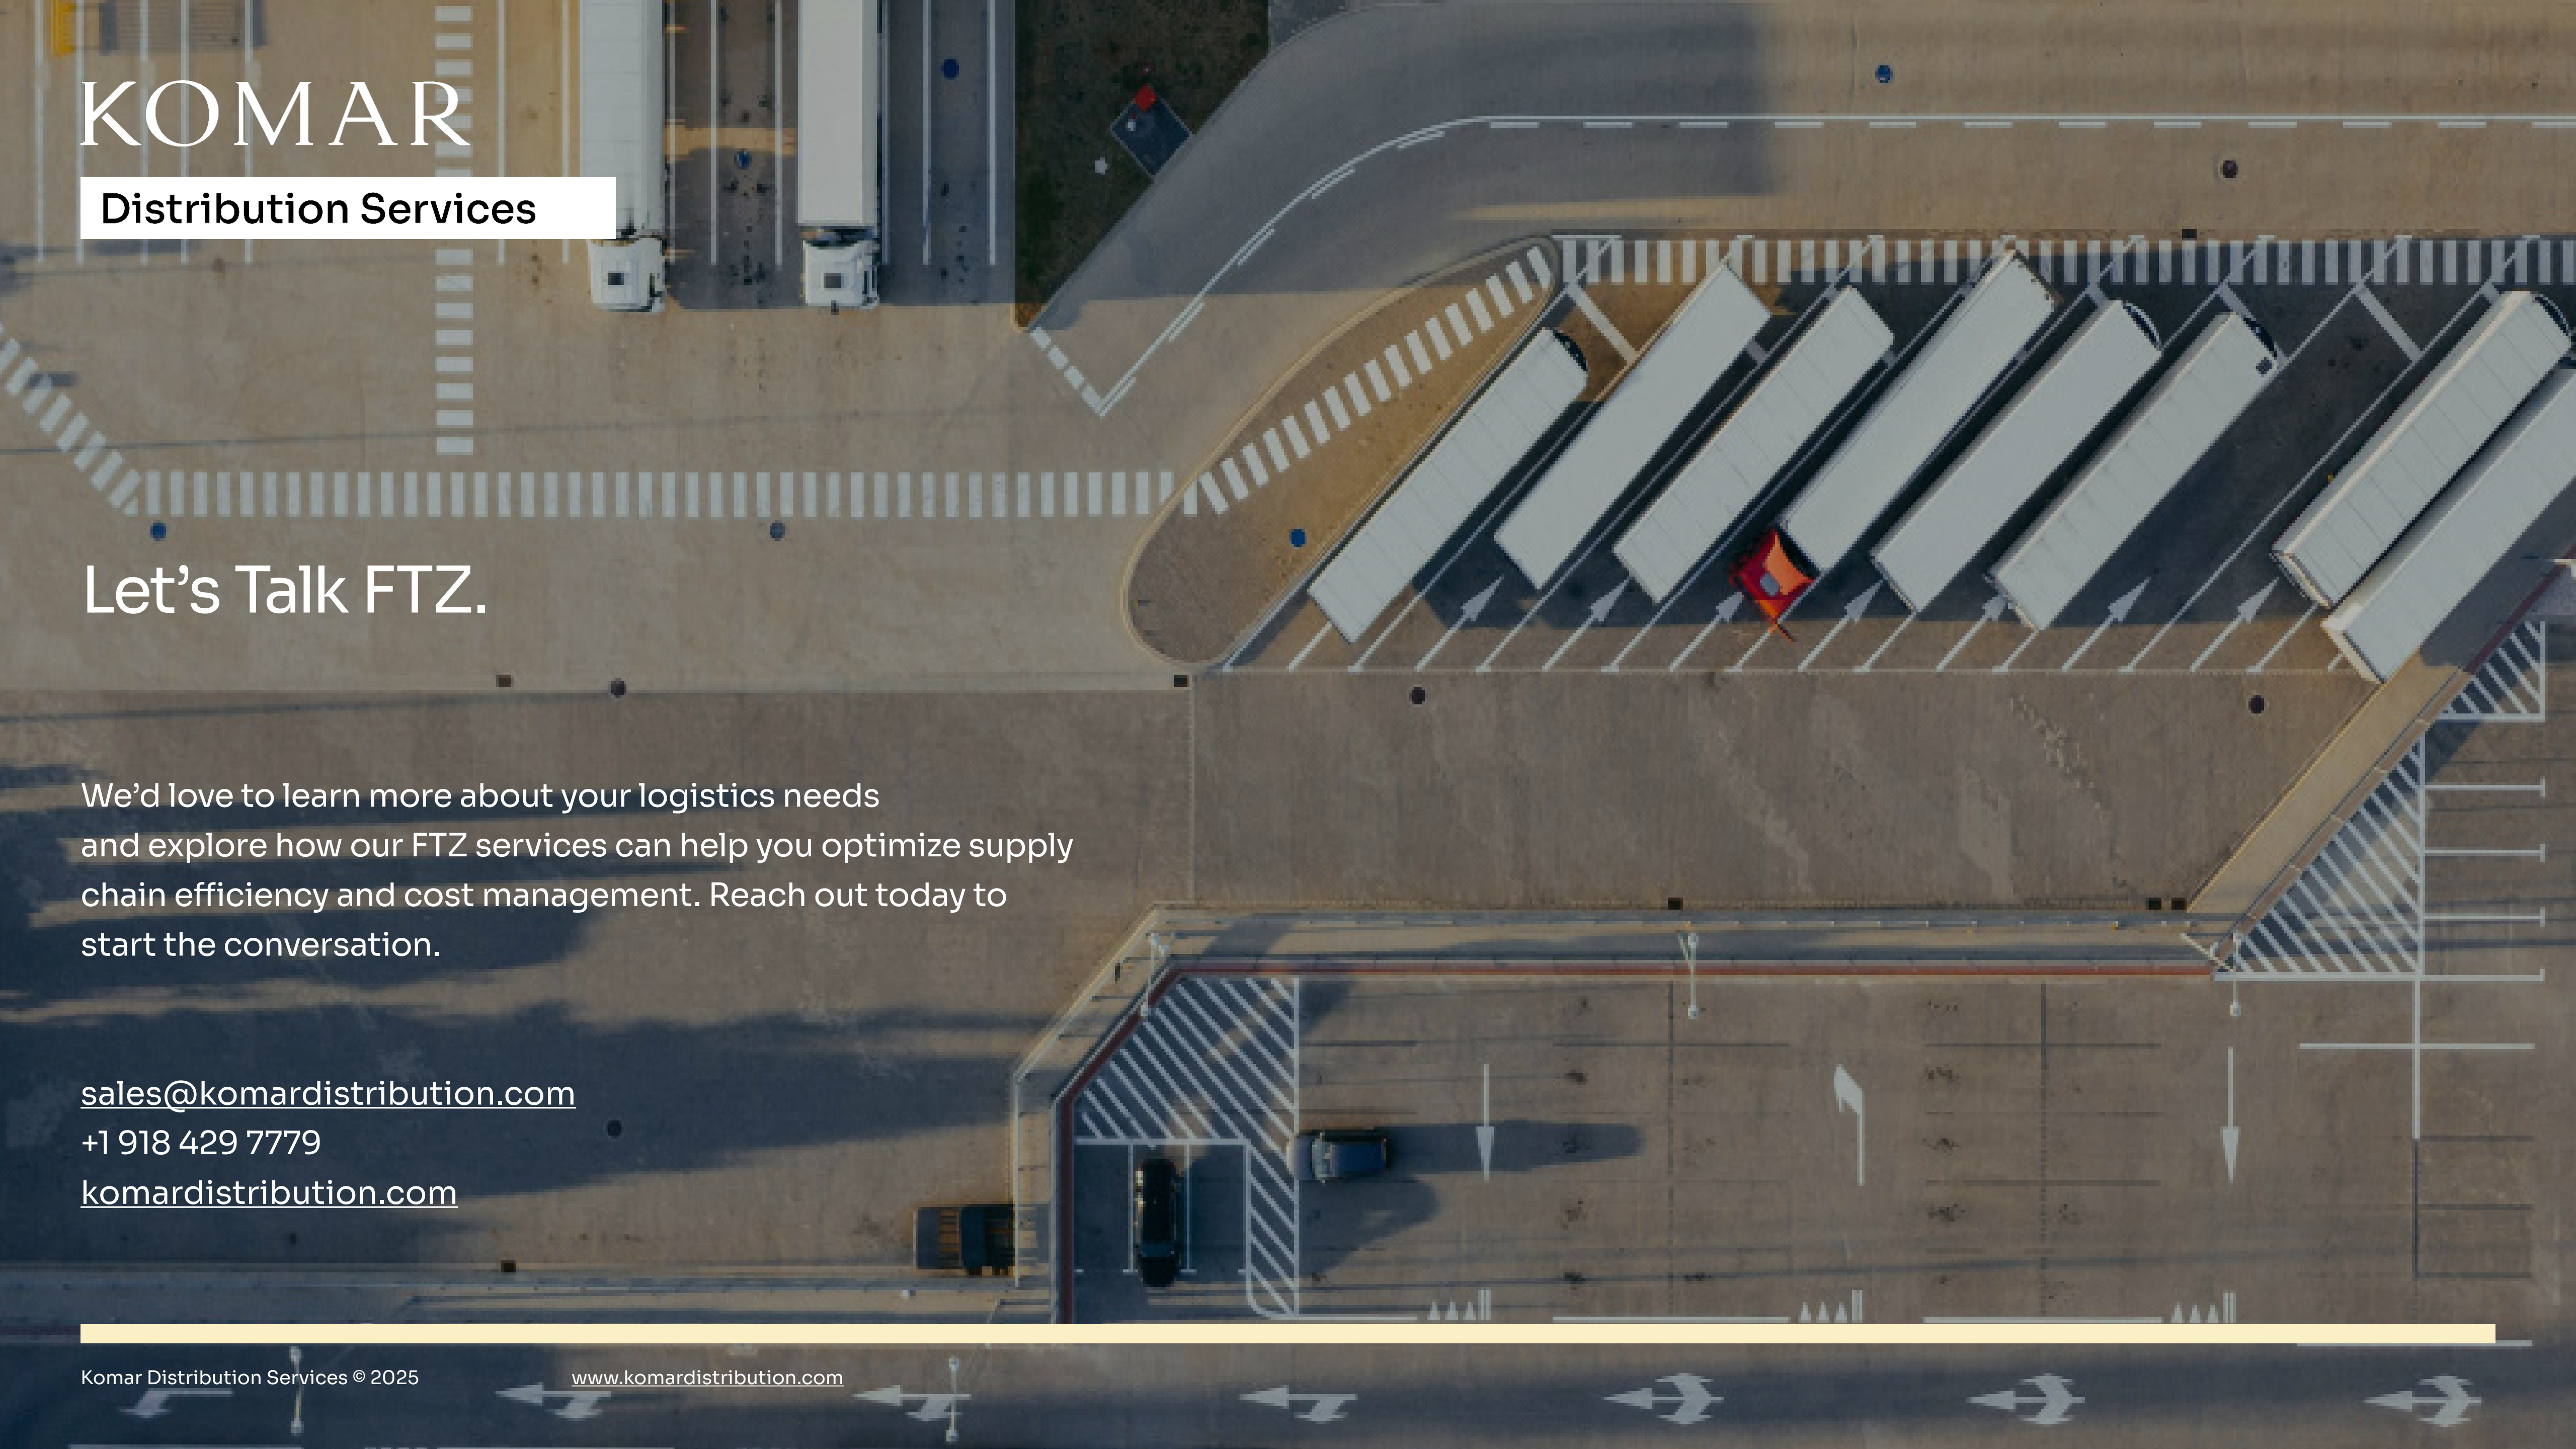

Unlock powerful FTZ advantages

- **Defer duties and taxes** until goods are ready for sale
- **Improve cash flow** and inventory planning
- **Streamline customs** and compliance processes
- **Gain strategic flexibility** for both B2B and DTC/B2C operations

Strategic locations, maximum flexibility

Our FTZ network spans key regions, providing national reach and strategic advantages for importers and brand operators. With fully FTZ-activated facilities in Savannah, Perris, and McAlester totaling over 2.2 million sq. ft., businesses can optimize logistics, reduce transit times, and manage inventory while staying fully compliant.
